

## Three Adjacent Residential Fields for Sale #5605

€150,000

Three adjacent residential fields in Mazotos Community in Larnaca District. They are situated in the community center and 180 meters north of Agios Georgios Church.

They are located within a walking distance from of all necessary services and amenities, while the primary school of the community is only minutes away. With shops, restaurants and supermarkets nearby, it is an excellent choice for families.

As a single property has an irregular shape and a flat topography. It has a total frontage of 42 meters on public roads on its southwestern boundary.

Within the property there are ground floor buildings with no economic value.
